

i3 ALLSYNC

Touch HDMI

Wireless Presenting

Share your screen wirelessly from any device with our i3ALLSYNC HDMI Transmitter. Start sharing at the push of a button, without any installation. It is as easy as that!

All you need is the i3ALLSYNC wireless presenting app on your display, which is integrated on i3TOUCH P11, P12, E10r and i3HUDDLE. Plug the transmitter in to your laptop (or other suitable device). Press the button to share your screen. It's simple, fast and effective.
